## Alert Manager Synopsis

Alert Manager is an X\_TRADER® Pro plug-in application that allows a trader to trigger Time, Fill, and Market Data alerts. When alerts are triggered, Alert Manager can play sounds, delete working orders, display alert messages, create files, and print files.

## Key Features

- Play different sounds when filled on different contracts or for different traders/accounts
- Set alerts based on market activity such as a new high or low for the day
- Set an alert for a specific time on a recurring basis
- Delete orders based on a time, fill, or market data condition
- Automatically create or print files with fill information
- Create different alerts for different traders and account numbers
